The Grahams and the Lecters always get together for the festive season. The parents have been friends since college, and their bond only grew with the years, even buying houses right next to each other. And, to their delight, two of their children also started dating when they became teenagers.

Now they are all sharing a cozy Christmas together in the Lecters' living room. The sound of the fireplace and the heat it provides is a great contrast to the bone-chilling cold outside and the incessant snowfall. Even then, everyone is under thick blankets, drinking the hot chocolate Mrs. Lecter prepared as they watch a movie.

The living room has two three-seater sofas and two armchairs. Mr. and Mrs. Lecter quickly claimed one of them, with little Mischa seated in the middle, while Hannibal, Adam, and Will occupied the other one. Mr. and Mrs. Graham complained jokingly about being relegated to the armchairs but didn't truly mind it.

Adam, however, as the movie was advancing, started to regret his decision to sit in the middle of Hannibal and Will more and more. See, the thing that their parents aren't aware of is that, while they know that Will and Hannibal are a couple, they ignore that they like to bring Adam to bed with them as well from time to time.

So Adam isn't really surprised when he feels two hands resting on his thighs, close to his groin. His eyes immediately dart to the two sets of parents, heart beating quickly, hoping they won't notice what is happening under the blanket. What *will* happen.

In sync without looking at each other, as always, Hannibal’s fingers creep under Adam’s sweater while Will moves his hand up until it is right on top of Adam’s bulge. The younger twin lets out a soft gasp, not loud enough to be heard over the sound of the TV. He knows that, for now, his sounds won’t be a problem, but if things progress—which he knows they will—he’ll have to suppress his reactions as much as possible.

Hannibal’s fingers feel cold against his skin, even after holding the hot chocolate cup. Adam’s breath hitches when he twists his nipples. His cock twitches in his pants. Will’s eyes don’t leave the screen in front of them, but he smiles, adding more pressure with his palm as his brother gets harder.

“Guys..” comes Adam’s sweet pleading voice.

He doesn’t want them to stop, but Will knows how conflicted between fear and pleasure he is. They all are. If their parents catch them, everything will be over. That only fuels Will to go even further.

Will leaves his empty cup on the coffee table. He looks over at their parents, the four engaged in watching the movie, not paying the teenagers any attention. Will smiles and takes a quick glance at Hannibal whose eyes immediately move to him. They make eye contact for a second and Hannibal nods at him, knowing what his boyfriend wants to do.

Will darts under the blanket, moving as silently as he can to not make any heads turn. He wraps his fingers around Adam's wrist, delighted in knowing how fast his pulse is. Will twists his body at a weird angle, aware that he'll probably regret it when he feels the strain later, but he has only one goal at the moment. On the other side of the couch, Hannibal's hand still plays with Adam's nipples.

Will lowers Adam's pants just enough to free his cock from his underwear. He quickly moves to breathe on top of it, the hot air making Adam let out a soft moan that doesn't reach his twin's ears. Not willing to waste any time (they don't know how much they have), Will wraps his fingers around the base and licks the tip. His heart is beating so hard it's the only thing he can hear, muffling even the voices coming from the TV.

Hannibal then moves his hands from Adam's chest to Will's head, threading his fingers with the boy's curls. Will smiles at the contact, then opens his mouth and gets Adam's length inside his mouth. Hannibal pulls his hair and pushes to control his pace.

Adam bites his lower lip so hard it bleeds, and even that's not enough to prevent sounds from escaping his throat. He covers his mouth with both of his hands and hides the lower part of his face under the blanket. Hannibal chuckles next to him and deposits a light kiss on his jaw as he quickens Will's pace.

Adam's entire body shakes and Will can sense that he's getting close. His dick jerks up, pushing deeper into Will's mouth, making the older twin let out a moan of his own. He stops moving, letting his brother use him to chase his pleasure.

Adam's eyes roll back in his head as he shudders once again, the force of his orgasm sending an electric current throughout his body and making his hips buck involuntarily, leaving him feeling helpless and boneless. Will swallows every last drop of cum, humming in appreciation, then licks his lips before withdrawing.

He emerges under the blanket, surprised that all the adults in the room haven't noticed anything amiss.

Will's cock is hard in his pants, desperate for release, but he'll be pushing their luck too far if he tries to climb on top of Hannibal's lap unnoticed.

God. He can't wait for the movie to be over so they can disappear to Hannibal's bedroom.
